November Newsletter 2017

IT'S NOT TOO LATE!

[Register Here](#) for the **Group Relations Conference**

As we move towards the end of the year, two major events for NIODA stand out. The first is the **Group Relations Conference** [‘Leadership, Authority and Organisation: Exploring Creative Disruption’](#) to be held November 20-24th. It is not too late to register for this exciting experiential learning opportunity. The second is the **NIODA Graduation Ceremony** in early December. This will be a momentous occasion for the students, Board members, Committee members and staff as the very first graduands of the Master of Management (Organisation Dynamics) gain their degrees. Three weeks ago, these same students presented their third year action research projects to an appreciative audience at NIODA's inaugural colloquium. It was wonderful to see the results of all their hard work and learning. The quality of the presentations and the thinking was impressive.

Recruitment for the student intake for 2018 is also high on the agenda. The Masters Preview sessions are in progress and have been well received. It is always exciting to engage with the enthusiasm of a prospective new cohort. An

information session is scheduled on **Wednesday 15th November 5.30-6.30 pm** at CAE. Please pass on the [flyer](#) and [brief description](#) of the course to those who you know who may be interested. Word-of-mouth has proved the most effective recruitment tool that we have. Please tell anyone who you think may be interested and please pass this message on or circulate the [advertisement](#) below.

Master of Management - Organisation Dynamics

In this world renowned work integrated program learn to:

- analyse, understand and manage 'below the surface' group and organisational dynamics in organisations
- identify blockers to change due to structure, culture and/or technology
- work with the emotional labour of leading complex systems in fast changing environments

This experiential post-graduate degree is offered part-time over 3 years.

Information Session: 15th November 2017, 5.30-6.30pm, CBD
