

RECOGNITION OF PRIOR LEARNING POLICY

Policy number	32	Version	3
Approved by ABG on	25 September 2015	Scheduled review date	September 2016

1 Purpose

The policy aims to recognise previously unrecognised learning – both skills and knowledge - as credit towards the NIODA Master of Management (Organisation Dynamics) degree whilst at all times maintaining the integrity and standards of the NIODA course of study.

2 Scope

This policy pertains to the student life cycle.

3 Policy Statement

Students and prospective students of NIODA have the opportunity to apply for recognition of prior learning (RPL) for learning outcomes they have achieved outside accredited education institutions. Activities might include employer-based training and development, work and other life experience.

The assessment of any application for recognition of prior learning must ensure that the integrity and standards of the NIODA course of study are maintained.

4 Definitions

Recognition of prior learning is defined in the Australian Qualifications Framework (AQF) as follows:

Recognition of Prior Learning is an assessment process that involves assessment of an individual's relevant prior learning (including formal, informal and non-formal learning) to determine the credit outcomes of an individual application for credit.

The AQF definition of credit is as follows:

Credit is the value assigned for the recognition of equivalence in content and learning outcomes between different types of learning and/or qualifications. Credit reduces the amount of learning required to achieve a qualification and may be through credit transfer, articulation, recognition of prior learning or advanced standing.

5 RPL process

Approved RPL enables credit towards individual subjects in the Master's course or as entry into the course.

Entry into the course

Special entry into the MMgt (Org Dyn) course may be granted to up to 10% of any Year 1 student cohort for those who have not completed a 3 year Bachelor degree or equivalent, but who have other tertiary qualifications and relevant work experience or who have extensive relevant work experience determined as equivalent to Level 7 AQF Graduate Criteria.

Discussion about RPL entry into the course will take place in the Application Interview. After this discussion an RPL application form (see Appendix 1) can be submitted by the student with attachments detailing and evidencing prior learning and outcomes that form the basis for the RPL request, i.e. other qualifications in formal education and training settings, courses provided by professional bodies, significant and relevant learning that has taken place in employer-based training and development, work and other life experience. To ensure writing proficiency, the student will also be required to submit a written piece of work as requested by the Director of Academic Programs as an attachment to the RPL application form.

Evidence should take the form of any certificates that indicate learning outcomes, third party reports and/or other documentation such as articles, reports, project material, papers, testimonials, referrals or other products prepared by the RPL applicant that relate to the learning outcomes of the relevant qualification component.

Applications should be submitted at least four weeks prior to the beginning of the first year in which RPL is being requested.

The Director of Academic Programs, in consultation with the Education Committee, will decide on the application based on:

1. the veracity of the contents of the application
2. the equivalency of the combined qualifications and work experience to AQF Level 7 learning outcomes
3. the discussion with the applicant about the material they have submitted.
